

In Italy, packaging materials must be labeled in accordance with Legislative Decree 116/2020. Said decree requires that all packaging be labeled with an alphanumeric code (via 129/97/EC) that describes what material family the packaging belongs to. Additionally, packaging of consumer or household products must contain waste sorting information such as collection family (e.g., paper, plastic, glass, etc.) and instructions to check local provisions.

Environmental labels for Kodak Alaris and Kodak Moments consumer products are listed below:

Catalog Number	Product Name			
1010065	KODAK MEMORY SAVER USB 3.0 FLASH DRIVE /5-PACK/WALLETS/16GB
