

## Information on taking back packaging from commercial customers

In order to ensure that the packaging waste from our products from the commercial sector is recycled in accordance with the law, we have set up a take-back system for packaging from the commercial sector through our industry association, the I&P Europe – Imaging and Printing Association e.V.

Our partner for taking back and recycling this packaging is EVG Betriebsgesellschaft mbH with collection points nationwide. We only work with certified waste disposal companies.

If you would like to dispose packaging of our products from the commercial sector, or if you have any questions about disposal, please contact

EVG Betriebsgesellschaft mbH

Buchenhofener Str. 35
